

CURRICULUM VITAE

Name: **Abdelmadjid CHEHHAT**

Date and Place of Birth: **May 1, 1968, in Ouldja, Khenchela**

Nationality: **Algerian**

Family Status: **Married, 4 children**

Personal Address: **Cité 558 lots No. 93C, Kais, Khenchela**

Phone (mobile)/landline: **+213 6 64 61 38 72 / +213 32 77 50 59**

Current Rank: **Associate Professor A**

Affiliation: **Department of Mechanics, Faculty of Science and Technology, Abbes Laghrou**
University, Khenchela

Email: achehhat@gmail.com / chehhat_majid@univ-khenchela.dz

OBJECTIVES: Interested in scientific research in the field of energetics, particularly numerical simulation and analysis of turbulence, and the applications of fluid mechanics in complex geometries, turbomachines, internal combustion engines, combustion, and heat and mass transfer.

ACADEMIC BACKGROUND AND DEGREES

December 2019: Habilitation in Energetic Mechanics, University of Biskra. Grade: Very Honorable (with jury congratulations).

December 2017: Ph.D. in Science in Energetic Mechanics, University of Batna 2. Grade: Very Honorable (with jury congratulations).

September 1998: Magister in Energetic Mechanics, University of Blida. Grade: Honorable

July 1992: State Engineer in Mechanics (Energetics Option), University of Batna. Grade: Very Good.

July 1987: Baccalaureate in Mathematics, Abbess Laghrou High School, Batna. Grade: Good.

PROFESSIONAL EXPERIENCE

1992-1993: Part-time teacher, Common Core of Technology, University of Batna.

1993-1995: Part-time teacher at Oum El Bouaghi Technical High School.

1995-1996: Part-time teacher at the University of Blida.

1996-1998: Part-time teacher at Kais Technical High School.

2000-2001: Assistant Professor, Department of Mechanics, University of M'sila.

2001-2008: Assistant Professor in charge of courses, Department of Mechanics, University of M'sila.

2008-2011: Assistant Professor A, Department of Mechanics, University of M'sila.

2011-2017: Assistant Professor class "A", University of Khenchela.

2017-2019: Associate Professor class "B", University of Khenchela.

2019 to present: Associate Professor class "A", University of Khenchela.

PEDAGOGICAL RESPONSIBILITIES

2009-2011: Head of the Energetics program, University of M'sila.

2018 : Vice Dean in charge of postgraduate studies, scientific research, and external relations of the Faculty of Science and Technology, Abbes Laghrou University, Khenchela.

2022: Head of the Quality Assurance Unit of the Faculty of Science and Technology, Abbes Laghrou University of Khenchela.

TEACHING SUBJECTS

- Fluid Mechanics (Lectures + Tutorials + Practical Work)

- Turbulence
- Combustion
- Internal Combustion Engines (undergraduate + postgraduate)
- Thermodynamics
- Heat Transfer
- Measurement Techniques and Instrumentation in Fluid Mechanics26
- Thermal and Hydraulic Machines
- Strength of Materials
- Rational Mechanics
- Mathematical Analysis
- Technical English

PHD SUPERVISIONS

Currently supervising; **Samia Boudjaza**, 3rd year Ph.D. in energetics, University of Khencela, on the topic: *Study of the performance of geothermal energy piles using CFD*.

Boukhamla Halima, a second-year doctoral student in energetics at the University of Khencela, is working on the topic: “*Design of a solar chimney with a variable geometry collector: study of turbulent flow with heat exchange.*”

Similarly, **Bouzida Youcef**, also a second-year doctoral student in energetics at the University of Khencela, is focusing on the topic: “*CFD-based design of a radial turbine for the solar chimney.*”

RESEARCH ACTIVITIES

Since 2006 to present: Member of the research lab “Laboratory of Studies of Energetic and Industrial Systems” (LESEI), University of Batna2.

Research Projects and Contributions:

CNEPRU Research Project (2015): Title: “Study of Turbulent Convection in Industrial Applications.” Project Code: J0301320140059. Project Lead: Dr. Mohamed SI-AMEUR.

PRFU Research Project (2019): Title: “Enhancing Automotive Turbocharger Performance Using Computational Fluid Dynamics (CFD).” Project Code: A11N01UN0502201900021. Project Lead: Dr. Mohamed SI-AMEUR.

PRFU Research Project (2023): Title: “Integration of Radial Turbines in Solar Power Plants: Feasibility Study and CFD-Based Design. «Project Code: A11N01UN40012023000321. Project Lead: **Dr. Abdelmadjid CHEHHAT**.

Other Contributions:

- Member of the scientific committees for several national and international conferences.
- Reviewer for the following journals:
 - International Journal of Mechanical Science (Elsevier)
 - Australian Journal of Mechanical Engineering (Taylor and Francis)
 - Journal of Thermal Engineering (Yildiz Technical University, Open Access Journal)
 - Engineering Review (University of Rijeka, indexed in Clarivate)
 - International Journal of Performability Engineering (USA, indexed in Scopus)
