

People's Democratic Republic of Algeria

Abbes Laghrou University - Khenchela

Faculty of Science and Technology

Department of Material Sciences

Thin Film Physics and Applications Laboratory - Biskra

Curriculum Vitae

Dr. LEKMINÉ Farid

(Doctor)

(Physics of Materials)

February 2024

Staff:

Name: LEKMINÉ

First name: Farid

Date and place of birth: 06/16/1975 in: Khencela (Algeria)

Family situation: married (+ 03 children)

Personal address: New town 748 accommodations Khencela, Algeria.

Mobile: 06 66673017

Email: farid.lekmene@univ-khenchela.dz faridtec@gmail.com

Function: Teacher – researcher (2021)

Rank: Doctor (since 2021)

Diplomas & degrees

- Baccalaureate, June 1994, Natural Science, Honors: Good, Elbah mohamed Lakhder high school, Khencela, Algeria.
- Physics License Diploma, June 1999, Physics, University of Batna, Algeria.
- Magister in Materials Physics, defended on May 30, 2012 at the University of Biskra, Mention: Very honorable. Theme: “Study of stress corrosion in pipelines”.
- State doctorate in Materials Physics, defended on June 23, 2021 at the University of Biskra, Mention: Very honorable with congratulations from the jury members. Theme: “Study of the inhibitory effectiveness of cyclic sulfur compounds in acidic environments on composite deposits produced electrolytically”.
- Teacher Assistant “A”: from 03/30/2015 to 12/20/2016

- Teacher Assistant “B”: from 12/16/2016 to 06/01/2022
- Lecturer “A”: from 01/06/2022

Training and Internships:

- 12/17/2016 – 12/31/2016: short-term internship (15 days), National Engineering School of Tunisia, Elmanar University
- 01/12/2018- 15/12/2018: short-term internship (15 days), National Engineering School of Tunisia, Elmanar University

Administrative and Scientific Responsibilities:

- Head of the Training Team in Materials Physics - Master - Abbas Laghrour University - Khenchela from May 31, 2021
- Member of the committee for evaluating the technical characteristics of laboratory teaching materials for the benefit of the physics laboratories of the Faculty of Science and Technology, according to the designation of the head of department in 2022
- Responsible for the common core discipline council in Science and Technology during the academic years from 2015 to date.
- Responsible for Mechanical TP and Electrical TP for the 1st Year common core License level for training: Sciences and Techniques, during the academic years 2015 to 2019.

Teachings:

- Corrosion of metals: (Course, TD, TP), 2nd Year master's degree in Materials Physics, Abbes Laghrour University, Khenchela.
- Fault properties: (Course, TD), 3rd Year License Physics of Materials, Abbes Laghrour University, Khenchela.

- **SEM-TEM:** Course, 2nd Year master's degree in Materials Physics, Abbes Laghrour University, Khencela.
- Physics 1 (Course, TD TP), 1st Year common core Bachelor of Science and Technology, Abbes Laghrour University, Khencela.
- Physics 2: (Course, TP, TD), 1st Year common core Bachelor of Science and Technology, Abbes Laghrour University, Khencela.
- Waves and vibrations: (TD), 2nd year GM, GP, Physics of materials, Abbes Laghrour University, Khencela.

Framing

Master's theses

1. HADFI Nadjet and BELGROUNE Ahlam, Corrosion resistance of Ni-P composite coatings in an aggressive environment, June 2016/2017.
2. KHOUNI Walida and BOUKECHACHE Abla, Characterization of Nickel-Phosphorus coatings, June 2016/2017.
3. BOUALI Houda and GHODBANE Nadjia, The influence of heat treatment on the corrosion of Ni-P coatings, June 2017/2018.
4. MERABTI Rima and BOUKHADRA Romissa, Development and characterization of electrochemically deposited Nickel coatings, June 2018/2019.
5. AOUIDJIA Chaima BOUTI Dounia, Influence of corrosion inhibitors on electrochemically deposited Ni-P coatings, June 2019/2020.
6. MEDJEKAL Amira, Mechanical characterizations and corrosion of Ni-P alloys, June 2020/2021.
7. BOUYAHIA Amira and MAHDAOUI Rima, Study of the corrosion resistance of Ni-P-TiO₂ coatings, June 2020/2021

8. TALLIA Rahila AMAMRI Souad, Study of the inhibitory effectiveness of a plant on steel corrosion in HCl medium, June 2021/2022.
9. Tobbi Amel and Mehyaoui Djahida, Study of steel corrosion in an H₃PO₄ environment, June 2021/2022.
10. Belfounasse Djouhra, Preparation and characterization of a nickel niobium-based coating, June 2022/2023
11. DJELAB Rachida, Development and characterization of the coating (Ni-P-Nb) 2023/2024 (in progress)

Doctoral theses:

01. BARKANI Mahfoud, Protection against corrosion of steels intended for the company SONITEX Khencela, University of Khencela (In progress)
02. ZOGHELAMI Hamza, Effectiveness of organic inhibitors in the protection against corrosion of industrial installations, University of Khencela (In progress)

Research :

- Member of a research project (PRFU Project), Effect of welding on the microstructural and mechanical properties of some industrial steels, University of Biskra, 2020-2024, code: A16N01UN070120210003.
- Member of a research project (CNEPRU Project), Study of the corrosion of API5CT N80 concentrics in Albien water environment, University of Khencela, 2018-2021 Code B00L02UN400120150003
- Research Project Manager (PRFU project): “Study of the corrosion problem of steels used in the company SONITEX Khencela”, University of Khencela, 2023-2026, Code: B00L02UN400120230001

Organization of Seminars:

- Member of the Scientific Committee, First international Conference on Materials Science and Applications, 08-09 February. 2023, Khenchela University, Algeria
- Reviewer, First international Conference on Materials Science and Applications, 08-09 February. 2023, Khenchela University, Algeria
- Session Chair, 1st National Conference on Materials Sciences and Technology (MatScience-2022) December 13-15, 2022.
- Session Chair, 1st National Conference on Materials Sciences and Engineering (MSE'22), June 28-29, 2022.
- Session Chair, First international Conference on Materials Science and Applications, 08-09 February. 2023, Khenchela University, Algeria
- Reviewer, 1st National Conference on Materials Sciences and Technology (MatScience-2022) December 13-15, 2022.
- Reviewer, 2nd National Conference on Materials Sciences and Engineering, (MSE'2023) December 12 and 13th, 2023, University Center of Maghnia, Algeria.
