Second Question: Translate the Following definitions. (12 points)

01-Penal codes: typically cover a wide range of criminal activities, from violent crimes like assault and murder to non-violent offenses such as theft and fraud. They serve as a legal framework for maintaining social order, protecting citizens, and deterring criminal behavior through the threat of punishment.

.....
.....
.....
.....
.....

02- Administrative liability: refers to the legal and ethical responsibility of individuals or entities in administrative roles for their actions, decisions, and conduct within an organization. It encompasses the idea that administrators, managers, and executives can be held accountable for their behavior and the consequences of their actions in the course of carrying out their administrative duties. Administrative liability may arise in various contexts, and the consequences can range from internal disciplinary measures to legal penalties.

.....
.....
.....
.....

03-Data and Information Security: With the increasing importance of data and information security, administrators may be held liable for breaches or mishandling of sensitive information. This can result in legal consequences and damage to the organization's reputation.
